

The Mexican Advantage

Why do business in Mexico?

Because Mexico offers...

...a dynamic business environment. The largest economy in Latin America and the fourth largest in the Western hemisphere, Mexico will be the 8th largest economy in the world by 2050. With few import-export procedures and 46 bilateral trade agreements, it is one of the countries most open to international trade.

...macroeconomic stability. According to the most recent World Economic Forum (WEF) competitiveness report, Mexico is ranked 53 out of 144 countries for its macroeconomic environment, based on: budget balance, national savings rate, inflation, debt and credit rating. Mexico also has significantly better solvency than countries such as India, Brazil and the United States, with government debt as percentage of GDP at fifty percent.

...human potential. Of a population 115.6 million strong, more than 60% are of working age. 110 thousand engineering and technology students graduate annually from Mexican institutions. Per capita there are 26% more graduates in manufacturing, engineering and construction than in the United States—ambitious, hard-working young people building Mexico's future.

...cultural and natural treasures. Mexico is ranked third in the world for world heritage sites and is renowned for its 45 thousand archeological sites and 120 thousand historical monuments—from Teohotican, one of the great mysteries of Mesoamerica, to the magical town of Real del Monte with its colorful 18th century buildings and old mines. Natural treasures include the Monarch Butterfly Biosphere Reserve, and the country is considered “megadiverse,” because 12% of the world’s terrestrial diversity is located here.

Eniolu Ayileye from Warwick Business School quoted:

First, you are going to have a lot of fun, secondly you are going to learn a lot, you are going to meet a lot of nice and great people. The pace at which the module is going to be delivered is going to be very good and I feel that it's going to be an experience that you would enjoy so much and might actually be the best experience that you have through your MBA course.
